### December Daycare Meeting

Voted to hire an Engineer for a "scope of project" estimate of building expansion on the Daycare building. I explained that we have talked a bit among the board about Daycare expansion but have not discussed "moving forward" with any definite approval. The Daycare Committee is paying for the Engineer fee with grant money from grants they have received. The Daycare is also launching a tax credit program through the state that would bring in significant funds, as well as a reasonable possibility at more grant income. Also discussed that building reconfiguration and even new school construction is being discussed. The Daycare is at maximum capacity with a growing waiting list and is in desperate need of more space.

November \$(411.83)  
 October \$1815.00  
 September \$2340.00  
 August \$4388.00

Received a \$20,000 grant from Cargill.

### December Board Meeting

Discussed the new state law allowing firearm carry on school grounds by licensed, trained personnel. As of now, insurance companies will not allow this to happen.

Discussed open board position protocol.

Announced newly elected board members Lon Schoenholz and Baxter Beals.

Approved resignation of Dan Prososki as PE teacher.

Approve two board policy midyear updates of minor consequence.

Approved annual audit, for which we received a good rating. Board Clerk Erika Brinegar does a great job with the audit.

### Other News

Anyone interested in applying for the Davenport open board position shall submit an application to the District office by Dec 31 at 4:00PM. Applications may be picked up in the District office. This is a Davenport position.

### Talking points at Jan 6 Faculty Meeting:

Ending school at same time next year,  
 instead of HS getting out earlier than JH.  
 Facility update - Reconfiguration of K-6 and 7-12.  
 Policy changes – Lunch payment – computer fee.  
 Safety system – cameras in classrooms.  
 Before after school program.  
 Music program changes – Val possibly covering Spanish.  
 Data Breach. Told you about this last month.  
 It was real but probably no damage.  
 Long Term Vision Committee.  
 Summer School.  
 Interventions next year.  
 Calendar. Early release times.  
 Longer PT parent meetings.

### Goal:

To be the best small school in the State

**FROM THE PRINCIPAL:** Happy New Year! It's hard to believe that we have made it to 2025 already! Throughout the last five months, I have seen our staff and students accomplish so much! We have learned new math concepts, read new literature, and learned about our history. The test scores have proven that our students are meeting our expectations. Thank you to our teachers who have done a fantastic job in leading the children in their learning.

Things have been very busy for our students these last few months. There have been Christmas celebrations, ball games, and activities. The students have accomplished so much throughout the 2024 year! We want to congratulate the football team on a very successful season, and a huge shout-out to the volleyball and BD one-act teams for qualifying for the state competitions!

While we have reflected this last month, it is now time to look to the future. What is it that we want to accomplish this year? What are our goals, in all aspects of our lives? Parents, talk to your kids about what is happening at school and celebrate their accomplishments! Students, reach out when you may need help and lend a helping hand to peers when they need it. We want the students to reach their full potential, both academically and personally. Together, we can make a difference and reach our goals! Let's make 2025 the best year yet! **Ruth Kowalski, Bruning Building Principal**

**FROM THE PRINCIPAL:** It's hard to believe that the year is half over, already! The Junior High Basketball teams have been off and running with plenty of games already and a lot more after break. The students have also been busy with lots of other activities, too. The Christmas program was a great time for our students to show off their musical skills! Mrs. Ellis and Mr. K did an excellent job getting the students ready for their performances. The students also got to enjoy some time doing a variety of Christmas activities before break. Sometimes it's nice for the kids to unplug even at school and allow them some time to build relationships and have fun with their classmates.

January is a fresh start as we begin a new quarter, semester, and calendar year. It's always a good idea to get off on the right foot when school begins. It's a lot easier to stay on top of things if you do it from the beginning then it is to dig yourself out of a hole.

I hope everyone gets the time to rest and recharge during Christmas Break. 2<sup>nd</sup> Semester will fly by just as quickly and before we know it, it will be time for Summer Break! **JJ Wagner, Davenport Building Principal**

**COUNSELOR'S CORNER:** Happy New Year! In December, K-4 finished the Second Step SEL Program, the social-emotional learning foundation for the Bullying Prevention Unit. All grades, K-8, discussed empathy towards peers and being a positive bystander. We worked on friendship skills to help protect students from bullying and learned ways to recognize and respond effectively to bullying. We will continue this program every year!

Classes for SCC, that some students have taken, ended on December 13! Some pretty good grades once again from our students! The Seniors have shared how they have been working on scholarships that are being given or sent to them!

Beginning in January, K-8, will be completing the Second Step SEL Program with more information to come... Thank you for all you do for your students and their teachers! **Ms. Reinsch**

**WEIGHTS CLASS: 1200 LB Club:** Eli W., Kesston D. **800 LB Club:** Braelynn R. School Records: Eli W.

**School Records:** Eli W. Power Clean, Braelynn R. Power Clean and Squat

“Teachable moments,” was the theme for lunch, the day before Thanksgiving!

The BDHS foods class had the opportunity to assist with the Charcuterie Boards for the school lunch program. Another great opportunity to do food preparation on a large scale. Thanks, Amanda Barney.

Hey ladies, your hard work paid off! You are part of the Blue Cross insurance company website! Woo hoo

Fingers crossed they send the \$5000 grant our way! Please share with your teammate. thanks for moving that banner from sport location to sport location.... and back!

**O**NE ACT: The 2024 One-Act season has come to an end and what a season it has been! This year, the students chose the play *Puberty!: The Game Show* by Greg Atkins. While the play was originally chosen as a joke due to its humorous title, it ended up being a blast to perform. With 35 total students making up the cast and crew, coaches Morgan Beals and Heather Ramsey had their work cut out for them. But the kids worked *so* hard all season long and had the team’s most successful season in nine years. The season started back in August with auditions, something the team has not done for several years. After roles were chosen, weekly practices began all through the months of September and October. At the beginning of November, practices ramped up with twice a week and one of those weekly practices being at 6:30 in the morning. The over 40 hours put into this program outside of school definitely paid off once the competition season began. The students competed at the Crossroads Conference South competition on November 20th, and brought home 3rd place. The season continued with the District competition on December 4th at Scribner-Snyder. The day started at 4 AM and didn’t end until 8 PM. Although it was an incredibly long day, the team brought home the championship plaque and 12 outstanding acting awards, qualifying for state! They competed at the Johnny Carson Theatre in Norfolk at the State Competition on December 11th, bringing home 5th place and 6 outstanding acting awards. This season has been extremely successful, but more than the awards and numbers it has been *fun*. The coaches are so proud of the dedication these students have shown to this production. *Puberty!* is a questionable time in everyone’s life, but one thing is for certain: everyone will look back at this season and remember *Puberty!: The Game Show* fondly.

### MEET A SENIOR

**CAMPBELL BOHLING** is the daughter of Matt and Leisa Bohling and she has one sister Kinzley. She has been involved in Volleyball, Basketball, NHS FCCLA, FFA, Letter Club, FCA and One Act at Bruning-Davenport USD. She is a member of St. Peter Lutheran Church in Deshler. Campbell’s hobbies are volleyball, baking and lifting weights. Her future plans are to become a Physical Therapist. Campbell’s favorite food is strawberries, her favorite TV show is *My Room*, her favorite song is *American Nights* by Zach Bryan and her favorite place to go to be alone is her room. The most influential person in her life has been her Mom. “She’s a hard worker and has pushed me to be my best” says Campbell.

**CATELIN SCHAFFER** is the daughter of Greg and Staci Shaffer. Her siblings are Audrey, Taylor, Nate, Ethan, Elissa and Gavin. Catelin is involved in Golf, One Act, Quizbowl, NHS, FFA, Letter Club and Striv at Bruning-Davenport USD. She is also involved in Active Christian Teens at St. Peter’s Lutheran Church in Davenport. In her spare time, Catelin likes to draw golf, being outside, hanging out with friends and family and fishing. She is undecided on her future plans. Her favorite food is steak and cheesy potatoes, her favorite TV show is *King of the Hill*, her favorite song is *Evanelina* by Cotter Wall and her favorite place to go to be alone is outside. The most influential person in her life has been her Grandpa Jerry. “I respect him for his strong morals and work ethic” says Catelin.

**FFA Update:** To start off the festive month of December, our chapter held their first LDE night for the parents and the community to attend. At this event, members practiced their competition in front of a crowd. Amanda Barney graciously provided cookies and punch. The next week, LDE's (Leadership Development Events) took place in Seward. The Ag Demo team consisting of Addison Brase, Kinzley Bohling, and Karolyn Ozenbaugh finaled and will compete again in January with the chance to make it to the state competition. Eli Weber and Peyton Domeier competed in employment skills and both earned a purple ribbon. Braelynn Renz also competed and is the fourth overall alternate to state. In junior public speaking, Kennedy Barney earned a purple ribbon while Eva Oltmans earned a blue. Campbell Bohling competed in senior public speaking and received a purple ribbon. Elizabeth Hinrichs and Lauryn Koch both collected blue ribbons from this event. In Cooperative and Discovery speaking, Cynthia Ozenbaugh and Aliviah Barney both received blue ribbons. Catelin Schaffer and Claire Lahners also received red ribbons in Natural Resources and Ag Literacy. To celebrate our LDE accomplishments, our Christmas party was right around the corner. This year, both the FCCLA and FFA decided to combine their parties which doubled the fun. Pizza was served along with delicious sugar cookies that the FCS class provided. As the cold month wraps up, our chapter will prepare for the busy months to come. *Addison Brase BD FFA Reporter*

**HOUR OF CODE:** Each December we celebrate computer science in education by hosting an Hour of Code for students in the Davenport building during their computer class time. This year was no different! During the Hour of Code, students each pick an activity to do that involves their learning how to put blocks together in a certain order to make what is on their screens do what they want it to do. The second grade class is new to the coding experience but they had so much fun that they will do it again during their last class of 2024!

**ELEMENTARY:** Rachel and Jenna from the Extension office visited Davenport elementary on Tuesday. They presented to the 2nd and 3rd grade about evergreen trees. Students learned about the life cycle of an evergreen tree, got to dissect a pinecone to see the seeds inside, and learned how tree farms and Christmas impact agriculture in Nebraska.

**HAPPY NEW YEAR!!!**  
**WISHING EVERYONE A HAPPY**  
**AND PROPEROUS 2025**

**FOODS CLASS AND AG CLASS:** Students in the foods class and ag class joined together to learn about lamb. Dorper lamb, was the star of this feast and is raised specifically for the meat and not wool.

The students seasoned and seared the leg of lamb and slow roasted it with spices and vegetables. The lamb meatballs and grilled burgers were served with pita bread and tzatziki sauce. The overall favorite, pan seared lamb chops -served medium rare with rice pilaf. The students were amazed by and loved the flavor! They are ready to try it again! The lamb was a gift to Miss Balke’s foods class, from the Tecker Ranch -near Parks, NE. The Tecker Ranch, Incorporated the Dorper sheep and Red Wattle pork, into their ranching operation, after their children studied the heritage breeds as an FFA project. Now, those same “grown” children sell the hard to find meats at markets in Denver, to local fans, and online.

**FOODS SCIENCE CLASS AND AG CLASS:** Members of Family & Consumer Science and Ag classes from BD ventured to Beatrice for a day of Entrepreneurial and food production investigation. Students were very surprised at the size of industries, and the everyday products they use are being produced in their backyard.

\*Beatrice Bakery and the “World of Yum”, was the first stop. In addition to tasting the world famous, Grandma’s Fruitcake, the students met with company CEO to learn the challenges of running a company that bakes 1,000,000 pounds of fruitcake each year.

\*Clean Slate Soap, was a hit with the students. Owner and entrepreneur walked students through her journey of starting the company and the “chemistry” behind her products. The local self-starter shared her journey from product development to running a retail store and on-line business.

\* Landmark Foods, served as the final stop on the tour. Chad & Courtney Lottman, owner’s of Landmark, went from a small meat locker to a production plant that processes thousands of pounds of meat, each day. Students were able to tour the plant and see a national brand, Jack Link’s beef sticks, made from start to finish. The day we were there, the plant made 250,000 beef/cheese sticks. Seeing the size and automation of the plant was impressive and food and employee safety, top their list.

A big thank-you to these businesses for opening their doors to BD students. This trip was funded by a Carl Perkin’s vocational education grant.

**TREE LIGHTING:** Members of the BD FCCLA chapter joined the Bruning Community Club- for the annual tree lighting events. In addition to serving hot chocolate and cookies on Main Street, 7th Grade members assisted children with cookie decorating and Bingo, at the Opera House.
